Re: Renewal Open Video System (OVS) Operating Agreement in the City of Boston, Massachusetts

Dear Mr. Lynch:

This letter is being sent to address the status of the OVS Operating Agreement (the "Agreement") between RCN-BecoCom, Inc. ("RCN") and the City of Boston (the "City") entered into on September 30, 2002. As you are aware, the Agreement expires June 27, 2009.

By way of signature of the parties below, RCN and the City of Boston affirm that they are prepared to negotiate in good faith with the goal of reaching agreement for an extension to the Agreement by January 31, 2010. Further, RCN's signature below affirms that it is legally qualified to operate an OVS system as that term is defined in the Agreement.

The signature of the City of Boston below reflects that it shall consider the existing Agreement in full force and effect until 11:59 p.m. on January 31, 2010.

In addition to the extension of time to negotiate a Agreement extension, the parties further agree that any extension or ancillary documents will contain terms, resulting in:

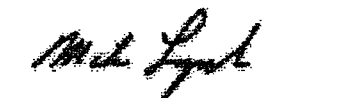

- The continued use of RCN provided fiber for the Public Institutional Network (PIN); and
- A "Senior Citizen Discount" that shall be available for the full term of any extension that shall provide meaningful cost savings to qualified Boston consumers.

Thank you for your attention to this matter.

Sincerely,

Acknowledged and Accepted by:

  
Thomas Steel  
Vice President and Regulatory Counsel

  
Michael Lynch  
Director, Mayor's Office of Cable  
Communications, City of Boston
